## CLEARS UP AN OLD MYSTERY

Pennsylvanian, Believed Slain When a Boy, Returns Home.

## MEETS HIS MOTHER

Stepfather, Made Insane Because of Accusations of Having Murdered Boys, Confesses to the Crime.

Sharon, Pa.—Yielding to a longing to visit the scenes of his boyhood days, George Burrows Keaster returned a few days ago to the rural district of Clarion county, just over the Mercer county line, and in so doing cleared up a mystery of many years' standing.

In the early eighties William Keaster, a farmer residing on the highway between Know and Colonsburg, married a widow with two sons, ten and twelve. Shortly after the marriage the boys disappeared and a search failed to reveal their whereabouts.

The circulation of a story that Keaster had murdered the boys resulted in breaking up the home. The accusation so preyed on his mind that Keaster became insane and was committed to a state hospital, where he died.

## Confesses Murder.

On the date of his commitment he told the warden that he had murdered the eldest boy and had been forced to repeat his act to prevent the youngest from accusing him. He said that the bodies of the boys were buried in the garden near his home. A search of the premises failed to reveal them.

Several days ago there appeared in the locality of the old Keaster home a stranger who claimed to be the elder of the boys.

The wanderlust called the boys to the West; they crept out of bed, left the house, boarded a freight train and finally reached the state of Washing-

ton. They obtained employment in the woods, where the younger was killed five years after his departure from home.

Since that time the eldest brother has wandered over the Pacific coast. He never wrote home and never received any word from relatives. Shortly after his arrival in Clarion county he located his mother, Mrs. Anna Burrows Keaster, and a happy reunion followed.

Great Falls, Mont.—With the aid of a silver spoon which he secured while dropping quickly behind the bar of a soft-drink saloon, George Edmonds, the bartender, saved his employers from being robbed by a man who entered the place from the rear and covered Edmonds with a gun. ## SUFFERED TEN YEARS FROM INDIGESTION

Trouble Gone, Appetite Strong, and Eats Anything Without Distress.

"I had a case of catarrh and indigestion, of ten years' standing. I had been treated by the best medical men in Michigan. When I commenced taking Milk's Emulsion, I was in bed. I improved so fast that I kept the neighbors wondering. I am now up and working every day. My cough is gone. My appetite is great, and I can eat anything without hurting me."—H. D. Loveless, Rockford, Mich.

Indigestion is seldom cured by "helping" the stomach digest food. Digestives, like physic pills, usually make slaves of the stomach and bowels. Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, digests away with all need of pills and physica. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. It produces remarkable results in colds, coughs and bronchial asthma.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 90c and \$1.50 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

## WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

## RECIPE FOR GRAY HAIR.

It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

## A GRANDFATHER'S STORY

From \$143 to a Competence in Three Years.

F. J. Chamberlain tells a story of his efforts before moving to Canada in 1916 to make a living. It was hard work. He had so many "ups and downs" that he became dispirited before he learned of the success of former neighbors of his who were doing well up in Canada. He sold his holdings for a song, and had a sale of what effects he had. When he straightened up with his storekeeper and paid a few debts he found that he had \$143 in cash, a good constitution, a wife and five children. He had saved some few things from the sale. These he put into a car with the effects of a couple of others, who like him were going to Canada. He went into the Gem Colony in Alberta in 1916, bought a piece of land and commenced operations. The money he placed in the bank, and started one of his boys out to earn enough money to supply the table. The older boy used his wages to break up the sod on the 160 acres. But let Mr. Chamberlain tell the rest of the story, which he has signed over his own signature. He says: "I rented 70 acres and hired it put into wheat, thrashed 23 wagonloads for my share. We lived in the granary two years.

"The first of December, 1918, I laid the concrete foundation for a twenty-five hundred dollar house and completed it the last of January. I have nine head of horses and mules, five head of cattle, fifteen pieces of machinery, seven outbuildings paid for and half interest in a thrashing machine. This is an old grandfather's story, as my son-in-law came with four children from Idaho last March and bought 320 acres C. P. R. irrigated land and we helped him develop 200 acres of it. They can't say around here, 'everybody works but father.'"

Increased His Wealth Six Hundred Fold.

There are more stories of success in Western Canada. There's that of Allan Nicholson of Hazelbridge, Manitoba. In speaking of it he says: "I shall never regret coming to Manitoba. I came here seventeen years ago. I think it was in the spring of 1903. My old home was at Le Mars, Plymouth county, Washington township, Iowa, where I had been farming for a good many years. I had a farm of 248 acres, of which I owned 80 acres and rented 160. When I left in 1903 I sold my equity in the farm for \$75.00 per acre. The nearest station to my place was Dalton, and my old neighbors there will remember me very well.

"When I came to Canada I rented three-quarters of a section at South Plympton, near Springfield, Manitoba. After a year or two's experience at renting I bought my present farm of 820 acres, and am now engaged in mixed farming. I have always had good crops since I came here, and some of them have been bumper crops.

"If I went back to the United States today I could take back \$5.00 or \$6.00 to every \$1.00 that I brought into the country. My land today is worth from \$75.00 to \$85.00 an acre, and in addition to my grain growing I have made a specialty of high-grade Percheron horses, purebred Shorthorn cattle and purebred Berkshire hogs. I have had uniform good luck in connection with my stock, and today I would not sell my farm for a cent less than \$30,000.

"The older settlers of Le Mars, Iowa, will remember me very well. I was greatly impressed with the country when I made my first visit here in 1903, and that impression has been here.

"The climate agrees with us all. Before I came here my doctor's bills were something awful. I had no sooner got one paid than I was due for another one. Since we have been in Manitoba \$50.00 would pay all our doctor's bills for the last seventeen years.

"I think I am doing my old friends a kindness in letting them know how well I have done since I came here. This is certainly a country of opportunities. I have had no more good luck than falls to the fortune of any ordinary person, and I am satisfied I could never have done as well had I remained in the old home. I shall be pleased at any time to give information to old friends who care to write me about my experiences in this country."

## ROSE IN COFFIN TO REBUKE REVEL

Swedish "Corpse" Awoke as Friends Feasted—Twenty Witnesses.

Stockholm.—Jens Jonsen, a farmer, residing at Famen, died there after a week's illness.

The corpse, having been placed in a coffin, was kept for three days in the house, where neighbors came to pay their last respects and to partake of the usual refreshments served on those occasions. The company was greatly alarmed when on the evening of the fourth day the "dead man"

Shame on You All!"

arose in his coffin to an upright position and addressed the following words to his family and friends:

"You thought me dead. I may have been, but the souls of your revelry awoke me. Shame on you all for spending my money in feasting! I have done with you, and prefer the next world to your society."

The man thereupon sank back in his coffin and died in reality this time. He was buried the following day, the whole village turning out to attend the funeral.

The Svenska Dagblad, which prints this story, appends the signatures of 20 witnesses who testify to its truth.

## X-Ray Fails to Save Burglar From Prison.

Los Angeles.—When Fred Wyatt appeared before Judge Frank Willis, having been sentenced for burglary three different times previously, he displayed a little lump on his head and said he knew he had a brain depression that caused his difficulties. He asked for an X-ray examination of his brain. On order of Judge Willis an X-ray was taken at the county hospital and later returned to Judge Willis. His brain was reported normal.

"There's something there that makes me steal," said the defendant when shown the X-ray plate.

"I wish we could take an X-ray that would show the mental peculiarities of people that make them do wrong, but we can't," remarked Judge Willis, as he sentenced Wyatt to San Quentin for from one to five years, with a previous sentence of ten years for other offenses added to it.

## GIVES LIFE TO SAVE DOG

Iowa Boy Is Drowned While Attempting to Rescue Pet From Icy Waters.

Des Moines, Ia.—Lester Wilson, ten-year-old son of Harry Wilson of Valley Junction, gave up his life in an effort to save his pet dog. The dog went through the ice over Coon River. Lester was drowned in an effort to save him.

Lester and two other boys were coasting down the bank of the river. The other boys broke through the ice and Lester's dog jumped in after them. The boys scrambled out, but the dog could not get a foothold.

The Wilson boy reached out to grab his pet and losing his balance plunged headlong into the river under the ice.

The dog dived beneath the ice when he saw his master disappear, but was pulled out by the other boys.
